

MEDICAID HELP ON-LINE TRAINING CONFERENCES

Description

The Division of Medical Services (DMS) provider education staff now has the ability to provide training to providers while provider staff remains at their computer. As long as the provider has Internet access (Microsoft Internet Explorer 4/5/6 and Netscape Navigator/Communicator 4.04/4.5 and above), DMS staff can share data with the provider, computer to computer, while talking to the provider or group of providers through a telephone connection.

The help training conferences can be individual or for a group up to ten (10) connections. There should be only one connection per provider site; if more than one individual from a provider location needs training, the computer must be shared. Training sessions are limited to approximately sixty (60) to ninety (90) minutes.

Scheduled Training Sessions

Scroll to the next page for a list of scheduled training sessions for specific provider types. You can ask to be included in a session by sending an E-mail to dms.provtrain@dss.mo.gov. In your E-mail, please include the name of the participant, name of provider, provider number, the date and time of the session, a phone number where we can reach you on the day of the session and your E-mail address. You will be notified by E-mail of confirmation with special instructions for you on the date of the session. You will also be notified if space is not available.

Individual Training Sessions

The Medicaid on-line training conference can also be offered to providers outside the scheduled dates on the next page. If you are interested in this option, please send a brief E-mail to dms.provtrain@dss.mo.gov describing the type of training you need, your provider name, provider number, phone number, contact person, and E-mail address.

To be included in or to schedule an on-line training conference, please see instructions on the previous page. Maximum of 10 Individuals are allowed at one time. The times noted below are CST zone.

The subject of each session below is general electronic claim filing on emomed.
